

Where will my donation go?

The Hastings Cancer Trust grants program has given back over \$1 million to projects in our local community, enabling local organisations to:

- purchase state-of-the-art equipment for cancer treatment
- run world-class clinical trials, and offer specialist training for nurses, radiation therapists and other local healthcare staff
- provide accommodation for patients and families during treatment
- improve the quality of local palliative care
- develop education resources, workshops and support programs for local cancer patients, plus their families and carers.

With your support, these excellent initiatives can continue to be delivered.

Supporting local cancer patients and their carers

Who we are

The Hastings Cancer Trust is a local not-for-profit organisation formed in 2005 to enhance the quality of cancer care in our region.

What we do

Government funding for regional cancer services is critical, but can only go so far. The Hastings Cancer Trust helps fill the gaps, so cancer patients in the Hastings/Macleay region receive better local treatment and care.

Our mission:

We believe providing a full spectrum of cancer services to the Hastings, Macleay and surrounding regions makes an incredible difference to local patients and their families coping with cancer.

How you can help

You can support patients and their carers in our region battling cancer via the Hastings Cancer Trust.

Fundraise

Become an authorised fundraiser or make HCT the 'charity of choice' for your family, group or business.
